THE E-BULLETIN

NEW YORK STATE PSYCHIATRIC ASSOCIATION
Bringing New York State Psychiatrists Together

August 13, 2021

State vs. Federal Telemedicine Updates

In order to further assist our members, NYSPA has put together a chart outlining several legal and practice issues relating to telemedicine, both from a state and federal perspective. To view the chart, please [click here](#).

New York State Psychiatric Association Veterans Mental Health - Primary Care Training Initiative

The New York State Psychiatric Association is proud to offer this important training opportunity to ensure that returning veterans receive necessary care & treatment in their community to lessen or heal the invisible wounds of war & to further reduce the stigma which often impedes the decision to seek mental health & substance use disorder care and treatment, particularly among members of the military.

To learn more about this important program, please [click here](#).

Contribute to NYSP-PAC!

The New York State Psychiatric PAC needs your continued support so we are prepared to confront both the expected and unexpected. We sincerely hope you will join us today by making a contribution using the blue button above or by [clicking here!](#)

CLASSIFIEDS

Click the blue-button above to view the current opportunities listed for our members in New York State. These include Job Postings, Moonlighting positions, and available office space.
